Eric Newman 6450 Cecil Ave St Louis MO 63105

Dear Eric,

Enclosed is a census survey form for 19th century American auction catalogues. As outlined in the cover letter, this is a Numismatic Bibliomania Society project.

Knowing that you have significant holdings of this material, and very little time to fill out this form, I would like to offer some assistance to make sure we can include your important material in this census. There may not be a second chance.

If you could send some annotated photocopies of your 19th century catalogues, I will be happy to complete the form, based on what you can provide. Hopefully, this will be easy enough if you already have a printed inventory of this material. Naturally, you could fill this out as well, if you'd like.

Any questions or comments are welcome. Thank you for your participation.

Best regards,

Karl Moulton

KARL MOULTON PO BOX 1073 ONGRESS AZ 85332 Dear Fellow NBS Members,

To help commemorate its 25th Anniversary, the Numismatic Bibliomania Society will be conducting a census of extant 19th century American auction catalogues. Enclosed is your survey form.

We sincerely hope you will take the time to fill this out. It will give you a "hands on" with a portion of your library and help inventory your holdings. Take your time, but please return it no later than June 30, 2004 to board member Karl Moulton at PO Box 1073, Congress, AZ 85332. e-mail: numiscats@aol.com

The results of this important survey will be published in the Asylum, the official publication of the NBS. Naturally, the overall success of this project depends upon the response we get from you, the membership. Won't you please help everyone to know what's still out there?

Any questions can be directed to the board members listed in the Asylum. Also, if you know of any institution having this material, please advise Karl Moulton by e-mail and a copy will be sent to them.

Thank you so very much!

INSTRUCTIONS/EXPLANATION

PLEASE READ BEFORE BEGINNING THIS SURVEY

The enclosed form is provided to compile a census of 19th century American numismatic auction catalogues of the major dealers. If you wish to provide your name, address, and a phone number in case of questions, it would be appreciated; however, this information is not required.

A brief explanation of the column headings will help you in accurately completing this survey. There is a blank duplicates page provided for additional copies. Please make a photocopy of both sides of this page if you need to list more than 50 additional catalogues.

- Total No. is the total number of copies you have of any particular sale. Please put only one on the cataloguers page, and list any others, in date order, on the duplicates page. (See below.)
- PRICED HW means hand written, while P stands for printed prices (usually found in special editions or post-sale copies). You may also list printed prices realized lists in the P column along with a notation in the "Other" column.
- NAMED ALL means the buyers for the entire catalogue. Pt means a partial listing of buyers or possible consignors.
- <u>PLATED</u> The known plated sales are listed with a **bold date**. O means original as issued (either loose or bound in). R means reprint plates from various sources. If you know there are some missing plates, please indicate this in the "Other" column.
- THICK PAPER Numerous special editions were printed on thick, or heavier than normal paper than was used in the regular catalogues. This can be difficult to determine if there is no direct comparison, so please list only those that can be verified as such. The thick paper attribution is not to be confused with large paper or interleaved copies. These should be listed as such on the back of the duplicates page in the "Other" column.
- COVERS O means original. B/RB means bound or rebound in any contemporary or modern bindings.
- A column to describe special copies and/or subtle nuances such as different color covers, disbound from previous binding, a bid book, large paper copy, interleaved, printed on one side only, separate addenda, a post-sale copy, autographed, modern reprint, changed dates on front cover, "extra heavy tinted paper" (Mickley sale), etc.
- <u>DUPLICATES PAGE</u> Outline is similar to the cataloguers page except that you will need to fill in the cataloguer and date. The reverse, however, provides more space for explanations of "special" catalogues. The numbers on the front of this page correspond with the numbers for the "Other" column on the reverse. Please list only one catalogue per line.

Thank you for taking the time to complete this form. Your participation is greatly appreciated! Please return to Karl Moulton, PO Box 1073, Congress, AZ 85332, by July 1, 2004.

BANGS & CO. This listing combines Adams and Gengerke. The single page publications not listed are either addenda or broadsides. Please list these on the "OTHERS" page. Also, many sales are listed separately by cataloguer/owner, and were merely held

at the Bangs auction rooms.

Sales 1-4 were reprinted by E.J. Attinelli in 1862-3 from single manuscripts. There were no catalogues sent to collectors. The collections were displayed in Cogan's store and bids were invited. These manuscripts were reprinted again in a single volume by Charles Davis in 1994.
